

United Way of Northern New York, Inc.

Serving Jefferson, Lewis and St. Lawrence Counties

Money raised in each County stays there.

We are the single largest rural United Way east of the Mississippi. We are invested in providing program support primarily to working families who through no fault of their own may be in need of help. No one, however, is turned away from a United Way funded program. Our investment is centered on maximizing educational potential, creating jobs and an economy that brings lasting financial security and fostering health and well-being among our residents.
