

United Way of NNY, Inc.
Serving the counties of
Jefferson, Lewis and St. Lawrence

The United Way of NNY serves a region steeped in history and wonder. From the majesty of the Adirondack Mountains to the power and beauty of the St. Lawrence River, we share the same passion for the region with thousands of north country residents who care for their families and their neighbors. We support that passion by investing in the programs of 44 human service nonprofits that provide prevention, intervention and crisis care for working families and individuals. These programs touch the lives of children, teens, families and senior citizens.

Our investment helps individuals bridge temporary economic gaps caused by illness, disasters, job loss or family issues. We also provide programs that address community issues, such as domestic violence, suicide and care for special needs children.
