Authorizing a Regular Payroll Deduction

I understand that I am under no obligation to contribute to United Way of Northern New York. If I decide to contribute to United Way by authorizing deductions from my pay to be forwarded to United Way, it is a decision I make voluntarily. I understand that the amount I authorize to be deducted will be subtracted from my pay for any pay period in which my pay is large enough to cover the deduction. If there is a pay period in which my pay is insufficient to cover the United Way deduction after all legally required deductions are made, my employer will not make a United Way deduction for that pay period. If a United Way deduction is missed for any reason, it will not be made up on a later date without my express written direction. I understand that I may revoke my United Way deduction authorization at any time by informing my employer in writing.

UNITED FOR A BETTER TOMORROW

COMMUNITY-DRIVEN DECISION MAKING

The Community Review Process sets United Way apart. This unique approach engages local volunteers representing various community sectors, including Getting Ahead graduates, in the decision making process. Volunteers evaluate and recommend where to direct Community Impact dollars to ensure that community needs are being met and donations are invested wisely.

This inclusive process builds trust, fosters transparency, and ensures every dollar is strategically invested to create the greatest impact. With United Way, it's not just about funding programs, it's about empowering our community to shape its future.

Below is a listing of the 2024 Community Impact programs and their alignment with the areas of focus. For more information about Community Impact programming or United Way, visit:

EVERY GIFT MAKES A BIG IMPACT

\$26 provides hygiene and cleaning supplies for a family of four. Children who look and feel their best are better prepared to excel in school and beyond. 

\$52 covers 104 miles of transportation for those who are unable to drive. Getting to and from medical appointments leads to improved health outcomes. 

\$104 helps an adult learn new skills necessary for employment. Earning a paycheck builds self-confidence, strengthens community connections, and fosters financial stability. 

\$260 ensures that a homebound senior receives nutritious meals delivered for a month. This supports health, enhances quality of life and provides vital human connection. 

\$520 prevents a family in crisis from falling into poverty by providing critical assistance. This support offers a bridge to long-term security and a path to a brighter future.
