

UNITED IS THE WAY™

Community Food Drive

June 3 & June 17, 2026

Across the North Country, about 1 in 6 people—and 1 in 5 children—experience food insecurity.

For many working families, summer brings added pressure as school meals are no longer available and grocery costs continue to rise.

United Way's Community Food Drives bring together partners across Jefferson, Lewis, and St. Lawrence Counties to support local pantries and ensure families have access to food when they need it most.
